

MAKINEX HOSE 2 GO

Constant pressure water supply unit

The Hose 2 Go has a constant flow of water that allows you to suppress the dust when cutting, core drilling and grinding concrete. It's different to every other product on the market because it provides a constant water flow without the use of a pump, battery or electronics.

An easy to use dust suppression tool and portable water supply, which has a handle with two easy carrying positions.

FEATURES & BENEFITS

- No pump which means greater reliability
- No complicated electrics to breakdown
- No battery to go flat and expensive replacements
- No need to manually pump to get the water pressure you need
- No need to drag hoses around the worksite, the Hose 2 Go is portable and weighs under 20kg when full
- Quick connecting on and off hose
- Pressurised sprayer with 7 settings
- Fills in 40 secs from average spigot
